

AVALON LASER

To our valued clients:

As we prepare to reopen our San Diego and Carlsbad location, we are implementing a few changes for your well-being:

1. We may ask you to stay in your vehicle and our staff will text/call you when it is time for your appointment
2. We will limit to 1-2 people in our waiting area
3. We ask that you maintain a 6-foot distance from other clients at all times
4. Our staff will wear face coverings during your appointment
5. All treatment areas will be disinfected after each session
6. We ask clients not to bring children or family members with them for consults or treatments

We appreciate your patronage and thank you for your continued trust in Avalon Laser.

Yours,
The Avalon Laser Team
